MINT COLA TO BE MADE IN THE EAST UNDER BIG CONTRACT

Maysville Syrup Company Closes Big Contract For Manufacturing of Local Drink in New York and Pennsylvania.

The Maysville Syrup Company, manufacturers of the famous drink Mint Cola, closed a contract today with the City Brewing Company, of Oswego, N. Y., which will mean much to the many stockholders of the local company and which will cause the local drink, which has already brought much advertising to our city, to spread over the Eastern section of the nation.

The New York concern will turn its large plant into making Mint Cola syrup and distributing it through the states of New York and Pennsylvania. They will manufacture the syrup on a royalty basis, paying the parent company a royalty on every gallon of the syrup manufactured and sold. The company will operate a sales agency just as the local concern does.

This is the second contract of this nature which has been made by the Maysville Syrup company in the last sixty days, the other being made with the Cairo Food Products Co., of Cairo, Ill., for the distribution of the syrup in the states of Illinois, Kansas, Missouri, Oklahoma and Arkansas. There are two other similar contracts now pending which may be closed within a short time.

The coming of national prohibition has had much to do with the great increase in the business of soft drinks and many concerns are now devoting their entire time to the distribution of some particular brand of soft drink. The Maysville drink seems to be getting its full share of the new business.

I am so full of the spirit of Christmas—but come to "DeNuzle" Bookstore for the conclusion of this story. Xmas! Merry Xmas, is really here again and the person not inspired gives me a pain, who hides himself behind his grinch at this glad season hour, frees himself of happiness and meanly gives up power. If you don't believe this come to "DeNuzle" Bookstore and have your case diagnosed. HARRY C. CURRAN, Mgr. Open evenings. Welcome all.

THE WORLD MOVES ON
Despite predictions that the world would wind up its existence today, the good old sphere rolls on as if nothing had happened and Christmas shopping continues.

SUPERINTENDENTS PLAN SAME AS MASON TEACHERS

School Heads of State Adopt Same Legislative Plan as Local School Teachers.

Frankfort, Ky., December 17.—The creation of a county board of education, vested with the power to appoint the county school superintendent and to fix the school tax levied for the county, is one of the recommendations of the legislative committee of the county superintendents' organization. The board is to be composed of five members to be elected from the county at large, which shall have charge of and operate the schools of the county.

The board is to have the power to fix the salary of the county superintendent, the legislative committee going on record in favor of a minimum salary of \$1,600 a year.

If vested with the power to fix the school tax the committee says that no county board shall levy less than fifty cents on the one hundred dollars of taxable property.

The committee also favors the placing of certification of teachers in the hands of the State Department of Education; a minimum salary for teachers of \$450 per year for a six-month term and at least \$75 a month for longer terms; giving the county board power to recognize and reward scholarships, professional training, experience, attitude toward work, attendance and enrollment, according to a salary schedule approved by the state superintendent, and the enactment of a law providing for the standardization of school buildings.

ADAMS GETS TEN YEARS ON CHARGE MADE BY GIRL OF 14

Jury Finds William Adams Guilty of Serious Charge and Places His Punishment at Ten Years in State Penitentiary.

William Adams, World War Veteran, was found guilty of carnally knowing a female under 16 years of age by a jury in the Mason Circuit Court today and was given a term of ten years in the Kentucky penitentiary as a punishment for his crime.

Adams, who is about thirty years of age and divorced, was arrested upon complaint of Edith Daniels, fourteen year old daughter of L. L. Daniels, of Dover. The girl ran away from home when relatives saw her with Adams below Dover last September. The father had the local Juvenile Court issue a charge of delinquency against her and another charge of contributing to the delinquency of a minor was made against Adams. The girl was found at Augusta and returned to Maysville. She at first denied any improper relations between herself and Adams and later told a story which caused the warrant against Adams to be changed to that under which he was indicted.

The girl told a straight story before the examining court and told the same story in the higher court yesterday. Adams testified that he had no improper relations with the girl but that the girl had on several occasions endeavored to make engagements with him and that he had met her several times at her front gate.

It became known yesterday that a proposition was made by the defendant's lawyers that Adams would marry the girl but this proposition was refused and the case went into trial.

Attorney C. L. Daly represented Adams and was assisted by S. F. Reed and A. D. Cole while District Attorney Grannis did the prosecuting.

The jury was in its room after having been given the case for fully three-quarters of an hour and for a time it looked like the jury would hang but they were evidently hanging on the length of the penitentiary term and not the guilt or innocence of the accused. The instructions allowed the jury to fix the penalty at any term of years not less than 10 nor more than 20.

This case as well as the case against George Berry made by the same girl, has attracted much attention and interest in the Western section of Mason county.

Buy in Maysville. It pays.

MURDER INQUEST WILL BE HELD THURSDAY EVENING

Coroner Thomas Higgins Sets Thursday Evening at 7 O'clock as Time For Inquest Into Ben Schumacher's Death—Many Witnesses.

After a conference with Chief of Police Harry A. Ort, County Coroner Thomas F. Higgins this afternoon set Thursday evening at 7 o'clock as the time for the formal inquest into the death of Ben Schumacher, Cotton Mill night watchman who was found murdered in the plant on Tuesday morning, December 9.

Chief Ort has not yet given up the investigation of the case and is keeping right on with his investigation along the line he has been following for the past couple of days hoping that within a short time there will something develop. This afternoon the Chief stated that he felt certain there would be something developing within the next twenty-four hours and acting upon this belief, he has informed the Coroner that he is ready for the inquest to be held.

Coroner Higgins this afternoon issued subpoenas for some eight or ten witnesses who will be heard in an effort to reach some sort of verdict as to what caused the death of the watchman. County Attorney W. H. Rees will interrogate the witnesses in the inquest.

FURTHER SHAKE-UP IN WILSON'S CABINET IS BEING PREDICTED

Secretary Lane of the Interior Is Reported to Be on the Verge of Presenting His Resignation to President—Wilson Under Fire.

Washington, December 17. — There are indications of a complete break up of the Wilson Cabinet. Secretary of the Interior Lane is about to resign and Secretary of Labor Wilson is under fire.

Secretary Lane issued a statement today denying published reports that he had placed his resignation before President Wilson, but disclosing that he intends to leave the Cabinet when he can do so without adding to the President's burdens of worries.

Secretary Lane's coming resignation is said to be due to his disagreement with the compromise that brought an end to the coal strike. Secretary Wilson was attacked at a meeting of the House Judiciary committee yesterday on the ground of being tinged with radicalism and Representative Blanton, Democrat, of Texas, declared that the whole Labor Department was "permeated with the spirit of anachism."

That Secretary Lane has subordinated his own judgment and ideas again and again only to find that he was right after all, is declared by his friends. He has never become enthusiastic over the President's plan of internationalism and was more interested in getting jobs for the returning soldiers than in providing money for the newly freed states of Europe. He never approved of the President's trip to Europe, his friends say.

CONSTIPATION

And Sour Stomach Caused This Lady Much Suffering. Black-Draught Relieved.

Meadersville, Ky.—Mrs. Pearl Patrick, of this place, writes: "I was very constipated. I had sour stomach and was so uncomfortable. I went to the doctor. He gave me some pills. They weakened me and seemed to tear up my digestion. They would gripe me and afterwards it seemed I was more constipated than before."

I heard of Black-Draught and decided to try it. I found it just what I needed. It was an easy laxative, and not bad to swallow. My digestion soon improved. I got well of the sour stomach, my bowels soon seemed normal, no more griping, and I would take a dose now and then, and was in good shape.

I cannot say too much for Black-Draught for it is the finest laxative one can use."

Thedford's Black-Draught has for many years been found of great value in the treatment of stomach, liver and bowel troubles. Easy to take, gentle and reliable in its action, leaving no bad after-effects. It has won the praise of thousands of people who have used it.

To SAVE is to HAVE

Suppose you save 25 cents a day. That does not mean much to the average man. You won't miss it.

Yet that 25 cents a day in ten years grows to nearly a thousand dollars. And the interest, which we pay you for saving your money, brings the total to well over eleven hundred dollars.

Think of what you can do with this.

THE OLDEST MAN DID NOT DISPLAY VERY MUCH THRIFT

Example of Kentucky's Oldest Man is Set Before Young Who Are Urged To Save Their Funds.

A short time ago, a man in Kentucky celebrated his 131st birthday. He celebrated it by exhibiting himself at a county fair "to raise money to pay off the mortgage on his farm." What a terrible record of wasted years that celebration completed. After a life of endeavor more than double that of the average man, he was reduced to exhibiting his gray hairs and infirmities to settle a portion of his debts.

There can be no other reason for such necessary than lack of thrift and saving. He undoubtedly had strength and health above the average or he could not have doubled the span of life. He must have had uncounted opportunities. The development of his state and the nation has forced thousands such into his path. Yet he obviously did not seize or take advantage of them, through lack of thrift.

It is not unreasonable to suppose that he earned more than a mere living throughout more than half his existence. Had he but practiced regular saving throughout a portion of those years, he would have been so far removed from poverty that a mortgage on his farm would have been an absurdity. Few will refuse to concede that it was possible for him to have saved 50 cents a week during half his life. That sum deposited at per cent. interest compounded quarterly, the rate now paid by War Savings Stamps from the time he was 21 until he reached 66 would have given him approximately \$3,264.13 more than enough to have lifted his mortgage.

Instead of being assured of life

without financial cares he has struggled on for 66 years after the bare necessities of existence. The road of thrift which may perhaps have been more difficult a hundred years ago has been made smooth for present day investors. There are few citizens of this country who cannot save something every week. The government savings securities, Thrift Stamps, War Savings Stamps, Treasury Savings Certificates and Liberty Bonds give opportunity for both safety and profit for all such sums no matter how large or how small.

Few men would care to live to be 131 if the chief interest in life left at the end of that time was what it was necessary to hand some one who allowed them to live by the grace of a mortgage. Investment in government

securities will provide both for the present and the future.

It is said that Hugo Bezdek can pilot the Pittsburgh Pirates again next season, if he resigns as coach of the Penn State football team.

Catarhal Deafness Cannot Be Cured by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure catarrhal deafness, and that is by a constitutional remedy. Catarrhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed, you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing will be destroyed forever. Many cases of deafness are caused by catarrh, which is an inflamed condition of the mucous surfaces. Hall's Catarrhal Medicine acts directly on the blood on the mucous surface of the system.

We will give One Hundred Dollars for any case of Catarrhal Deafness that cannot be cured by Hall's Catarrhal Medicine. Circulars free. All Druggists. F. J. CHENEY & CO., Toledo, O.

SIGNS OF DANGER

That Should Be Heeded by Maysville People.

There's serious danger in neglecting any weakness of the kidneys. The warning that Nature gives should not be overlooked. If trouble by too frequent passage of the kidney secretions; burning or scalding; if the secretions are highly colored and contain sediment when left standing—if you have backache, too, with frequent headaches and dizziness, make up your mind that your kidneys are affected and begin using some reliable kidney remedy. Deaths from kidney disease have increased in the United States alone, 72 per cent. in the last 20 years. The risk is great—you can't afford to delay. Maysville people recommend Doan's Kidney Pills. Can you ask for better proof of merit than the statement of this Maysville resident?

W. H. Lynch, shoemaker, E. Third St., says: "My kidneys were weak and sluggish. At one time the action of my kidneys stopped altogether. I finally used Doan's Kidney Pills and in a short time the action of my kidneys became normal. I kept on taking them and they completely relieved me." (State given January 9, 1912.)

TROUBLE NEVER RETURNED
On November 14, 1916, Mr. Lynch said: "I haven't had any need of a kidney remedy since I last recommended Doan's Kidney Pills. They have permanently cured me." Price 50c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Lynch had. Foster-Milburn Co., Mfgs., Buffalo, N. Y.

AUTOMOBILES ROBBED IN FLEMINGSBURG

The Fleming Gazette says: Friday San H. Foudray and Wilburn Nealls of near Hillsboro were lodged in jail here charged with theft. Their hearing was set for Monday. Several days ago F. B. Henderson missed a tarpaulin from his auto in this city and other various articles have been missed from autos and other rigs about town. The men under arrest were suspected and a search warrant secured. On searching the premises of the men it is claimed a good deal of stolen property was found, including the tarpaulin and other articles which were identified by the owners. On being brought here they were locked up to await trial Monday.

Both prisoners were brought before Judge Fulton Monday and each was held in default of bail to answer to the next grand jury.

Amongst the stolen goods recovered were a robe and coat belonging to W. K. Spencer, some tubes, jack and other property which had been taken from Jas. A. Yantis and Sam Fleming.
